REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The instant claims are allowable over the prior art because at least some of the lances are configured to impart a rotational motion about the axis, whereby the combustion air is projected in the form of a jet stream which swirls about the length of the stream along the projection axis.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Samuel M Heinrich whose telephone number is 703 308 1168. The examiner can normally be reached on M-TH.
